

PROJECT TITLE: De La Vina Street Bridge Over Mission Creek Replacement Project

PROJECT OVERVIEW:

The project will involve replacement of the existing structurally deficient bridge with a new structure along Mission Creek. There will be associated pedestrian and bicycle improvements between De La Vina between Vernon and Alamar.

PROJECT BENEFITS:

The replacement bridge will be constructed in accordance with requirements of the federal-aid Highway Bridge Program, Environmental Permits, current American Association of State Highway and Transportation Officials, and local standards. Additional lighting will be added near the new bridge, along with non-invasive native riparian plantings.

QUICK FACTS

Location: Adjacent to the intersection of De La Vina Street and Vernon Road

Construction Schedule: spring 2023

Total Project Costs: \$11,750,000

Funding Source: Federal Aid Highway Bridge Program and Local Funds
