Water service shutdowns for meter installations will impact both sides of the street simultaneously. For example, Phase 2 (blue) will be shutdown at the same time as Phase 3 (orange). Similarly, Phase 4 (purple) and phase 5 (green) will experience the same shutdowns.

We expect three planned service shutdowns for each property. Shut downs will be for up to 8 hours during work hours (8 a.m. to 5 p.m. Monday through Friday). We will notify customers 48 hours in advance of planned shutdowns.
