

City of Santa Barbara
Public Works Department

DUMPSTER/ROLL-OFF BOX/POD HANDOUT

All dumpsters/roll-off boxes placed on City Streets require a Public Works Permit. To ensure public safety placement of the dumpster/roll-off box in the City's right of way must adhere to the following:

- Dumpsters/Roll-off and storage container boxes shall be placed in front of site address only.
- Dumpsters/Roll-off and storage container boxes shall be placed at least 6-feet from any driveway, including site driveway.
- Dumpsters/Roll-off and storage container boxes shall not be placed within 15' of a pedestrian crosswalk (striped or unstriped). This includes street corner crossings that are not marked or painted on the street.
- Do not place the dumpster/roll-off and storage container boxes within 15' of a fire hydrant.
- Dumpsters/Roll-off and storage container boxes shall be placed as close as possible to curb and have reflectors on both ends.
- Dumpsters/Roll-off boxes will be permitted for up to a 5 day period with extensions not to exceed 15 days total per year.
- Storage Containers will be permitted for 2 days with one 1 day extension not to exceed 3 days total.

Submittal Requirements:

- Encroachment permit fee (*see current fee reso*) per parking spot per day (in restricted time zones).
- Size of dumpster/roll-off and storage container boxes requested.
- Name, address and fax number of company supplying dumpster/roll-off box
- Schedule for temporary encroachment permit for dumpster/roll-off box

Dumpster/Roll-off Box Request Processing Steps:

1. Public Works Permit Counter Staff reviews application and verifies site placement of dumpster/roll-off and storage container boxes.
2. A Public Works Encroachment Permit is issued and faxed to the company named above, and the applicant.
