

Original and Renewal Application for Utility Users Tax Exemption

Finance Department
735 Anacapa St
Santa Barbara, CA 93101
805-897-2655

Frequently Asked Questions and Answers

What is this application for?

This application is for the Utility Users Tax Exemption program. By telling us about yourself and answering three simple questions we can determine your eligibility for the program. If you are approved you will receive assistance by having the utility user's taxes removed from your utility bills.

How much is the discount?

If you are approved for the Utility User's Tax Exemption the City will report your exemption status to the utility companies who will then remove the applicable taxes from your bill(s).

I am already on this program. Why are you sending me another application?

The savings afforded by this program are only valid between July 1, 2023 and June 30, 2024 and ***must be renewed every year***. If you are currently enrolled in the program and you do not return a complete application ***you will be removed from the program and no longer receive the discount(s)***.

If your completed renewal application is not received by June 30, 2023, and you are later approved, your benefits *will not* be back-dated.

Is there an income requirement?

Yes. If you live alone, your Adjusted Gross Income (often referred to as your "AGI") in the calendar year **2022** must have been no greater than \$20,990.00.

If you have two or more people in your household, all members of that household's income must be listed together, and the total AGI may be no greater than \$31,466.00.

We may verify the AGI you report by requesting proof of income, including copies of your tax returns.

What is Adjusted Gross Income (AGI)?

Your AGI is calculated pursuant to the rules and regulations of the State of California Franchise Tax Board. You can find your AGI on your California State Tax return Form 540EZ, line 16, or on line 17 of Forms 540 and 540A.

If you need help calculating your AGI please contact the California Franchise Tax Board, the IRS, or a private tax professional. The City cannot help you determine your AGI.

Reporting your AGI or exempt status is required for your application to be processed.

May I receive the discount from this program in addition to others?

The Utility Users Tax Exemption program is administered by the City of Santa Barbara and is independent of any other programs offered by the utility companies or any other government agency.

Being enrolled in other programs which assist you in paying your utilities will not exclude you from receiving the discounts afforded by these programs. Approval for the City's programs is based solely on income.

I enrolled in this program recently. Do I have to fill out this application again?

The short answer is, "yes". The long answer is your previous application will only insure you have benefits until June 30, 2023 of this year. The application you are filling out today, if approved, will enable your benefits to continue through June 30, 2024. If you do not fill out and return this completed application to us your benefits will expire on June 30, 2023.
