

**DECLARATION OF EMERGENCY PURCHASE PURSUANT TO  
SANTA BARBARA MUNICIPAL CODE § 4.52.080**

I, Justin Cure, Information Technology Director, declare the following:

1. Work done under a maintenance and repair purchase order (Purchase Order No. 32400565) was recently completed by Telcom Communications to replace the microwave radio network dish connecting Public Works to La Cumbre Peak in the amount of \$ \$45,484.35.

The message shall comply with Municipal Code Section 4.52.080 requiring Department Head declaration in writing of the need to make an emergency purchase order.

Rebecca Bjork has authorized work under an emergency purchase order related to repairs of the microwave radio network.

Following ordinary purchasing procedures would have required additional time to solicit proposals and execute a contract. In addition, the extra time to solicit multiple proposals would have slowed process and potentially resulted in public safety network failure, therefore there is urgency to get this work done now.

The work is funded by Airport, Internal Service, and General Funds already budgeted for the fiscal year 2024. The declaration will be posted on the City's website.
