

Program Year 2022 City of Santa Barbara Consolidated Annual Performance and Evaluation Report

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The 2021-24 Consolidated Plan, section SP-45, identifies the City's priority needs and activities, from which the Housing and Community Development Objectives and Outcomes identified in the Plan are based:

1. Assisting the Homeless
2. Decent Affordable Housing
3. Decent Housing Availability
4. Public Facilities and Infrastructure Improvements
5. Economic Opportunity

A number of separate program strategies and funding sources were developed to address each priority. The below Table 1 - Accomplishments – Program Year & Strategic Plan to Date describes the progress made during this second Program Year of the Consolidated Plan period, in each of the priority areas.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

As identified in Table 1, CDBG and HOME funds have worked to address the priorities and objectives identified in the City's Consolidated and Action Plans. During the third year Consolidated Plan period the City exceeded most of its strategic plan goals. One strategic plan goal was below expectations during the 5-year period: Economic Opportunity public service activities. The city did not receive funding applications for any self-employment training programs targeted to low and moderate-income business owners, or persons wishing to start a business and thus that goal fell below expectations. City Staff is actively looking for programs to apply for funding in the upcoming program year.

All high and medium priorities identified in the City's Consolidated Plan have received CDBG and HOME funding and are detailed in Table 1 above.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

The persons assisted with CDBG and HOME funds are racially and ethnically diverse. The HOME data provided in Table 2 was determined using the City's client database rather than relying on data provided by IDIS, as the IDIS data is not inclusive of all clients served. The table above also contains categories that are not included in IDIS.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	\$1,342,447	\$1,590,196
HOME	public - federal	603,817	\$422,111
Other (CARES Act)	public - federal	\$24,973.19	\$0

Table 3 - Resources Made Available

Narrative

A total of \$1,162,905 in CDBG funds (Entitlement and Revolving Loan) was expended and a total of \$256,946 in HOME (Entitlement, CHDO and Program Income) was expended during 2022. Additionally, \$0 in CARES Act (CDBG-CV) funds were expended.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
City of Santa Barbara	100	100	Funds used City-wide with emphasis on low-mod census tracts

Table 4 – Identify the geographic distribution and location of investments

Narrative

The City of Santa Barbara utilized CDBG and HOME funds for projects/programs operated citywide. However, the majority of the construction projects were targeted to the most-needy neighborhoods: those census tracts with 51% or more of the residents who are low- or moderate-income. These areas are also areas of racial/minority concentration.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Local funds were leveraged with federal funds to address the needs identified in the Annual Consolidated Plan.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of homeless households to be provided affordable housing units	33	62
Number of non-homeless households to be provided affordable housing units	10	38
Number of special-needs households to be provided affordable housing units	0	0
Total	43	46

Number of households supported through the rehab of existing units	10	73
Number of households supported through the acquisition of existing units	0	0
Total	98	135

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

Goals were high in providing homeless households affordable housing units due to anticipated proposed project completions, however one project fell through causing the actual unit counts to be less than expected. In contrast, the actual number of non-homeless households provided affordable housing units exceeded goals during the program year, which helped the total number of units the City provided.

Three activities provided TBRA assistance to 35 new persons, and one activity provided security deposit loans to 27 new persons. Cumulatively, these four activities have provided assistance to 62 persons. It should be noted that IDIS report PR 23, counts clients in the program year that they were entered in IDIS

rather than when the client was actually served, thus it does not provide an accurate count of new clients served during a particular program year. The numbers provided in Table 12 above correspond to the actual number of new persons served during the program year based on client-count data provided in performance reports submitted by subgrantees.

Discuss how these outcomes will impact future annual action plans.

In the City's future Annual Action Plans, the City will continue its commitment to providing affordable housing to the extent possible, based upon the availability of funds and a project's viability. The City anticipates that it will continue to focus its efforts (and funding) to assist in providing direct rental assistance via TBRA activities.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Persons Served	CDBG Actual	HOME Actual
Extremely Low-income	1,838	39
Low-income	182	19
Moderate-income	40	4
Total	2,060	62

Table 13 – Number of Persons Served

Narrative Information

The vast majority of CDBG and HOME funds went to assist extremely-low and low income persons.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)
Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through: Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Actions taken during the last year to address needs of homeless persons are described in Goal 1 – *Assisting the Homeless* on the Annual Goal and Objectives section of the Action Plan, and are reported on in the attached PR 03 report.

In addition, the City continued support of numerous outreach and assessment programs for homeless individuals. They are:

- **City Net** - Since 2019, the City has contracted with City Net to provide street outreach and case-management services to persons experiencing homelessness in Santa Barbara. In partnership with the network of service providers operating in the City, City Net has been instrumental in increasing the number of street exits. City Net works closely with Cottage Hospital, Santa Barbara Police Department, and various service providers to coordinate outreach services, and are often the first line of response to our unhoused population.
- **Noah's Anchorage Street Outreach** - This program serves young people, ages 16-24, by providing outreach to youth on the streets on a regular basis. Services are aimed specifically at marginalized youth populations that are not seeking services through other community-based organizations.
- **New Beginnings Safe Parking** - The Safe Parking Program provides overnight safe parking and case management assistance to individuals and families who live in their vehicles. This program provides weekly street outreach with community volunteers to reach out to newly homeless and connect them with services.
- **Freedom Warming Centers** - Volunteer outreach teams are notified of weather related warming center activations to notify homeless individuals.
- **Willbridge** - This supportive housing program offers a peer street outreach team that interacts with homeless individuals (including disabled, minorities, women, seniors, etc.) on a weekly basis to provide basic essentials, evaluate well-being, and offer encouragement to become housed.
- **South County Coordinated Outreach Team** – The City has started participating in the County's SCCOT weekly meetings, which brings together various service providers including Behavioral Wellness, Public Defender staff, City Net, Good Samaritan and more to discuss areas and individuals in need of outreach and case management services.
- **Santa Barbara Police Co-Response Officer** – In January 2021, the SBPD added a Co-Response Officer position. This Officer is trained in responding to and helping people in crisis. The department's Co-Response Officer is partnered with a licensed mental health clinician. Many of these calls involve members of our homeless community, who often suffer from mental health issues and drug or alcohol addiction. The SBPD attempts to assist members of the homeless community with reunifying them to family, assistance programs, or work opportunities. The department's Co-Response Officer currently handles this assignment.

- **Neighborhood Navigation Centers** – The City provides funds to SB ACT to operate three Neighborhood Navigation Centers, (NNCs) whereby service organizations provide services in a “one-stop-shop” location. Services include case management, food distribution, medical and veterinary care, sanitation services, and more. NNCs operate Tuesdays at the Carrillo Commuter Lot, Wednesdays at the Rescue Mission, and Thursdays at Alameda Park. Each NNC site serves an average of 40 unique individuals per week and in 2022-23 the NNC sites were instrumental in more than 65 street exits.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City continued to address emergency shelter and transitional housing needs of homeless individuals and families through support of homeless programs such as:

- **PATH Winter Shelter** for emergency overnight shelter during nights with dangerous weather conditions;
- **PATH** for year round emergency beds, temporary and transitional shelter, and social services;
- **Transition House** for emergency shelter - temporary and transitional, meals, childcare and job assistance;
- **Domestic Violence Solutions** for temporary shelter, supportive services and transitional assistance for homeless battered women and their children;
- **Freedom Warming Centers** to provide overnight shelters to homeless individuals at local churches to avoid hypothermia and avoid death on winter nights with dangerous weather conditions;
- **Salvation Army Hospitality House** for transitional shelter and case management to homeless men and women;
- **Sarah House** for full supportive services in a complete care residential home for special needs persons with AIDS and terminal illnesses;
- **St. Vincent’s** for transitional housing and independence skills training for single mothers and their children;
- **Noah's Anchorage Youth Shelter** for temporary housing and crisis intervention services for homeless, runaway or disenfranchised youth;
- **My Home** for transitional housing for youth aging out of foster care; and
- **WillBridge** for temporary shelter as an alternative to incarceration for those with mental illness.

Additionally, during the program year, the city allocated non-federal funds for bridge housing projects at local hotels to place persons living in encampments into hotels to stabilize them and make them document ready for housing.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing,

health, social services, employment, education, or youth needs

The City helped prevent low-income individuals and families with children (especially those with incomes below 30% of median) from becoming homeless through continued support of programs such as the Rental Housing Mediation program, Fair Housing Enforcement Program, Legal Aid, PATH, and Transition House, all of which have substantial programs to assist in homeless prevention. Transition House offers a homelessness prevention program to assist very low-income households increase their earning potential and improve their household finance management. The Housing Rehabilitation Loan Program rehabilitates substandard multi-family buildings and implements affordability controls. The Rental Housing Mediation program assists and/or mediates disputes between tenants and landlords to prevent the possibility of displacement/homelessness. The Fair Housing Enforcement Program investigates reported cases of housing discrimination and educates the public on housing rights and responsibilities. Legal Aid provides legal services regarding uninhabitable residences, evictions, and unlawful detainers. PATH coordinates with Cottage Hospital to receive homeless individuals who need respite beds.

In addition, the City contracted with SB ACT to establish a citywide collaboration between homeless service providers; elected representatives; community leaders; and advocacy groups, which is intended to prevent duplication of effort and better serve homeless individuals, families and persons at risk of homelessness. One of the workgroups facilitated by SB ACT is a homelessness-prevention workgroup.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City supports a variety of organizations that helped homeless persons make the transition to permanent housing through supportive programs. Transition House operates a 60-bed transitional homeless facility, which was supported with CDBG funds. The facility offers a full range of homeless transitional services (such as housing, jobs, medical, and child day care). People who graduate from this program move to the “Fire House” where they continue learning life skills, such as budgeting, and saving for first month’s rent and security deposits for permanent housing. Transition House also owns two 8-unit apartment buildings that are used as the next transitional step for their clients who graduate from the Fire House program to permanent housing.

Domestic Violence Solutions Second Stage Program provides permanent supportive housing to families who experienced domestic violence who came through its emergency shelter. PATH provides interim housing and Rapid Rehousing programs, which provides short term rental assistance, supportive services, and case management. New Beginnings Counseling Center provides case management and Tenant Based Rental Assistance. Channel Islands YMCA My Home provides supportive housing services to youth emancipating from the foster care system and are residing at Artisan Court. In addition to providing CDBG assistance to the activities described earlier in this report, the City provided General Funds to support these programs.

As described in Goal 2 –Decent Affordable Housing, the City also provided Tenant Based Rental Assistance funds for homeless persons to the Housing Authority, PATH and Transition House, and New Beginnings Counseling Center. The Housing Authority also operated a Security Deposit loan program using HOME Program Income funds, as listed in the affordable housing goals section of this report.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The needs of public housing are addressed in the Public and Assisted Housing section of the Consolidated Plan. In addition, the Housing Authority's Five-Year Action Plan, for the period of April 1, 2019 through March 31, 2024 examines the community's affordable housing needs and charts the Authority's course to help address these needs by establishing measurable goals and objectives for improving operations and furthering its mission to provide affordable housing. The Housing Authority, along with its Board of Commissioners, are in the process of developing its new Five-Year Action Plan for the period of April 1, 2024 through March 31, 2029. Within the Housing Authority's current Five-Year Action Plan period, several new developments have been purchased or constructed, most recently: Vera Cruz Village providing 28 studio units for very low- and low-income homeless/special needs persons; The Gardens on Hope, 89 units reserved for seniors at 60% AMI or below; and Johnson Court, which provides 17-studio units for very low and low-income homeless veterans. Additionally, the Housing Authority is in the planning phase for two new developments: Bella Vista at 200 N. La Cumbre Rd. will provide 48 one, two and three-bedroom apartments for low-income families, and Jacaranda Village at 400 W. Carrillo St. with 63 studios, one- and two-bedroom units for moderate/middle-income workforce.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The Housing Authority has empowered a Resident Council/Resident Advisory Board, made up of Section 8 participants and residents living in Housing Authority's properties (RAD, formerly Public Housing), to serve as a focal point of information and feedback to the Housing Authority. Periodic resident surveys are coordinated by the Resident Council to solicit valuable input from those who might not otherwise voice their opinions. The role of the Resident Council is invaluable as it affects current and future program/grant evaluation and development. The Housing Authority will continue to assist in coordinating this resident council.

The Housing Authority is also operating a Family Self-Sufficiency Program (FSS). This program is designed to allow Section 8 participants to move up and out of assisted housing. Of particular note is the fact that a high number of the Housing Authority's current FSS participants have set up their own businesses, pursued higher education and enhanced employment opportunities. To date, 344 residents have graduated from the Family Self-Sufficiency program; 111 of which are off all forms of housing assistance, and 48 of which are first-time homeowners. The Housing Authority also has two tenants represented on the Housing Authority Commission. The Housing Authority is also represented through staff's participation on the City's Community Development and Human Services Committee, which oversees the

CDBG funding process and recommends funding allocations to the City Council.

Actions taken to provide assistance to troubled PHAs

N/A. The Housing Authority of the City of Santa Barbara is not, and has never been, categorized as a troubled PHA by HUD. The Housing Authority is a “High Performer” under the Section 8 Management Assessment Program.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The City continued to provide land use and financial incentives in cooperation with the Housing Authority of the City of Santa Barbara and private developers to use underutilized and small vacant parcels to support affordable development on infill sites.

The City continued to implement inclusionary housing requirements on new ownership and rental developments to provide below deed-restricted market rate units with private development.

The City continued to support lot consolidation and development on small infill sites and pursued the development of City-owned property for affordable housing in coordination with the Housing Authority of the City of Santa Barbara.

The City continued to operate the multifamily HRLP Program, to help preserve existing rental housing stock and in some cases allowing the rehabilitation of apartments at non-conforming General Plan densities and zoning standards.

The City implemented new development regulations related to Accessory Dwelling Units (ADU) and Junior Accessory Dwelling Units that reduce barriers, streamline approval and facilitate the development of ADUs.

The City continued to implement actions identified in the 2015-2023 Housing Element to expedite the review process for residential infill and affordable housing projects.

Through the Average Unit Density (AUD) Program the City continued to support construction of smaller units intended to meet the housing needs of a portion of the workforce. Increased densities and development standard incentives are allowed in most multi-family and commercial zones of the City to promote additional housing. Rental, employer-sponsored, and limited equity housing cooperative units that provide housing opportunities to the City’s workforce are encouraged. Minimum parking requirements for AUD Program projects were removed in the Central Business District.

The City requires one-year mandatory leases for rental units within the City, whereby landlords are required to offer a one-year lease to prospective tenants.

The City continued to advocate for and pursue federal, state, local and private funding sources for affordable housing. The City continued the provision of quality affordable housing with complementary design to enhance compatibility with the surrounding area. The City continues to provide opportunities for neighborhood input on project design.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The major obstacles include the high and sustained demand for public services, as well as the lack of funding. To address these obstacles the City made the most use of the City's available resources by undertaking the various activities outlined in this report.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The City implemented HUD Lead Based Paint Regulations (Title X), which requires federally funded rehabilitation projects to address lead hazards. Lead-based paint abatement is part of the City's Multifamily Housing Rehabilitation Loan Program (HRLP). Units within rental housing projects selected for rehabilitation are tested if not statutorily exempt. Elimination or encapsulation remedies are implemented if lead is detected, and is paid for using CDBG funds.

Further, informational brochures are made available at the public counter on the risks of lead based paint, and are provided to outside groups, such as real estate offices and neighborhood associations. City staff has been trained on current Lead Based Paint Regulations and will respond to code compliance cases involving lead based paint.

To reduce lead-based paint hazards in existing housing, all housing rehabilitation projects supported with federal funds are tested for lead if not statutorily exempt and asbestos. When a lead-based paint or asbestos hazard is present, the City or the City's sub-grantee contracts with a lead / asbestos consultant for abatement or implementation of interim controls, based on the findings of the report. Tenants are notified of the results of the test(s) and the clearance report(s). In all cases defective paint surfaces must be repaired. In situations where a unit is occupied by a household with children under the age of six, corrective actions will include testing and abatement if necessary, or abatement without testing.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The City of Santa Barbara's anti-poverty strategy includes both policy initiatives that address structural causes of poverty, and the funding of economic and social programs that enable low-income clients to move towards self-sufficiency and end the cycle of poverty. This is enabled through funding and management of the City's Human Services grants and related programs. The City's Housing Authority also operates a Family Self-Sufficiency Program (FSS) to allow Section 8 participants and public housing tenants to move up and out of assisted housing.

The City's goal in this regard is to ensure that an individual or family has enough income, as well as knowledge, personal skills, and support systems necessary to secure safe and affordable housing, obtain quality child care, fulfill education and employment goals, access physical and mental health services, save money for future needs, obtain nutritious food and acquire basic necessities such as clothing, and build strong, stable families. The City continued to focus on self-sufficiency as its primary anti-poverty approach

through the Consolidated Plan, by administering existing programs and implementing initiatives for new human service programs.

Good progress was made towards achieving the goals listed in the Consolidated Plan anti-poverty strategy. Housing and services were all created and utilized by those below the poverty line to achieve dominion over their affairs.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Santa Barbara is characterized by a capable and extensive housing and community development delivery system. Strong City and County agencies anchor the federal programs and housing and community development programs the City is able to support. In the community, there is a large network of experienced non-profit organizations that deliver a full range of services to residents.

The Community Development Department maintained direct communication with other City departments when revising or updating housing policies, issues and services. Through regular contact and inter-departmental working relations, City staff implements programs and services and tracks issues of concern. This process allows easy access to data on building activity, housing conditions, code requirements, zoning, growth issues, employment trends, and other demographic data. The Housing Authority of the City of Santa Barbara is integral to implementing the City's affordable housing program, including activities for acquisition/rehabilitation, preservation of assisted housing, and development of affordable housing.

In addition to the City's internal network, through its federal entitlement and other resources, Santa Barbara interacted with various non-profit agencies and public service groups in the delivery of programs. These agencies are assisted by City staff in planning programs and projects, ensuring activity eligibility and costs, complying with federal regulations and requirements, and monitoring the timely expenditure of annually-allocated program funds. The City required agencies to submit monthly and annual reports to meet federal requirements, and periodically conducts sub-recipient audits and on-site reviews.

Also, the City participated in a technical working committee called the Cities-County Joint Affordable Housing Task Group, which meets on a regular basis to share information and address regional housing issues. The group consists of elected officials from the County of Santa Barbara and the Cities of Santa Barbara, Carpinteria and Goleta, as well as staff from the City and County Housing Authorities, the Metropolitan Transit District, local universities, and local housing providers.

In addition, the City continued the SB ACT homelessness collaborative described earlier in this report.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Coordination between public agencies providing housing resources, assisted housing providers, private and governmental health, mental health and human service agencies are critical to the delivery of viable products/services.

As stated earlier, in an effort to enhance coordination, the City actively participates on the Continuum of Care Board, and funds the SB ACT Homelessness collaborative.

In addition, one of the roles of the Community Development and Human Services Committee is to foster integration, coordination and cooperation of human service providers in the City of Santa Barbara in order to better serve human needs.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Actions that supported the City's first goal to increase access to affordable, decent housing.

- The Cities-County Joint Affordable Housing Task Group met quarterly to deal with the issue of affordable housing on a regional basis. Also, the City worked with the County on a comprehensive homeless grant for HUD Continuum of Care funds.
- The City of Santa Barbara operated and funded the Multifamily Housing Rehabilitation Loan Program in order to maintain affordable housing stock, especially for low-income and special needs tenants. One multi-unit project was completed. The City worked with Transition House, a local CHDO, to acquire and rehabilitate three single-family homes in one lot. This project was delayed due the Covid-19 pandemic and was completed Fall 2023. Also, the City maintained its policy of scattered site development and encouraged affordable housing project developers to build in non-low income neighborhoods, preferably near community services.
- As discussed in CR-35, in an effort to create more housing, the City has continued the AUD program to support the construction of smaller, more affordable residential units near transit and within easy walking and biking distance to commercial services and parks. Numerous mixed-use buildings have been constructed or are under construction.

Actions that supported the City's second goal to address disproportionate needs and access to opportunity through public services.

- The City supports several transitional housing programs including Transition House and the Council on Alcoholism and Drug Abuse's residential detox program. Additional transitional housing efforts are detailed in the Homeless Needs section of this report.

Actions that supported the City's third goal to promote fair housing services and education.

- The City of Santa Barbara funded its Fair Housing Enforcement Program. The City promoted the Fair Housing program on the City websites to highlight Fair Housing laws at the federal, state and local level, with resources to seek additional help.
- The City of Santa Barbara maintained its Rental Housing Mediation Program (RHMP) using General Funds. The Rental Housing Mediation Program disseminated information regarding tenant/landlord education through client consultations (in-office, telephone and internet). The

program served approximately 1,253 households with rental housing related disputes.

- The City required all new housing developments to meet disabled-accessible standards. A separate committee, with at least one disabled person on it, reviewed development plans for all new construction to ensure compliance with standards.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Community Development staff monitored project activities on a regular basis. A CDBG Construction Projects Manual was provided to sub-grantees to inform them of HUD regulations, such as Davis-Bacon and Section 3, and required documentation. The City also incorporates all CDBG requirements into its subrecipient agreements.

Public Service sub-grantees submitted quarterly progress reports documenting clients served, expenses, and achievement of specific goals and objectives. Also, members of the Community Development/Human Services Committee conducted site visits to each funded project.

Capital projects were monitored by regular project status reports throughout the course of the project, and regular communication with each project construction manager. HOME projects are inspected and monitored in accordance with HOME program requirements.

Year-end or project completion reports are required of all sub-grantee agencies. Staff utilizes these reports in completing performance reports.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The FY 2022 Consolidated Annual Performance and Evaluation Report was made available to the public and interested parties beginning September 11, 2023 for a fifteen-day period. The report was made available for public review on the City's website homepage. In addition, a "Public Notice" for the public review period was published in the local newspaper.

A public hearing will be held on the Consolidated Annual Performance and Evaluation Report on September 26, 2023.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The jurisdiction had a successful year implementing the CDBG and HOME program during Program Year 2022 despite continued interruptions caused by the COVID-19 pandemic, inflation in the construction industry and supply chain issues, and funds were disbursed in a timely manner. Even though CDBG and HOME funds have significantly decreased during the last two Consolidated Plan periods, the City and its subgrantees have continued to provide their much-needed services to low and moderate income

residents. Those organizations that no longer receive CDBG funding are still supported with City General Funds. All proposed construction and rehabilitations activities are complete or underway.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

We are continuing to conduct inspections that were not completed due to staff shortages and COVID-19 mandates. Several properties were inspected in the Fall of 2022. The remaining will be inspected by December 2023.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

The City has implemented Affirmative Marketing Requirements for projects containing 5 or more HOME assisted units to ensure the inclusion, to the maximum extent possible, of minorities and women, and entities owned by minorities and women and in all contracts entered into by the City with its sub-grantees and review of sub-grantee's contracts with general contractors and sub-contractors. The multi-family program is overseen by the Housing Project Planner and the ownership program is overseen by the Housing Programs Specialist and includes, but is not limited to advertising, on-site staff training,

recordkeeping, application & selection process and when applicable review of sub-grantee contracts with general contractors and sub-contractors.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

Out of \$422,111 in HOME funds spent on Tenant Based Rental Assistance and Security Deposit assistance, \$264,181 was HOME Program Income funds. Three activities provided monthly TBRA assistance to 35 persons, and one activity provided security deposit loans to 27 persons. The majority were 0%-30% of the AMI. It should be noted that IDIS report PR 23, counts clients in the program year that they were entered in IDIS rather than when the client was actually served, thus it does not provide an accurate count of new clients served during a particular program year.

Describe other actions taken to foster and maintain affordable housing. 91.220(k)

All of the City's efforts to foster and maintain affordable housing are identified in sections CR-20 and CR-05 of this report. Those efforts include the Multifamily Housing Rehabilitation Loan Program for rental units, and the City's affordable housing program for acquisition and construction of affordable housing.
