Part 2: Certification Regarding School Facilities Mitigation Requirements

On behalf of the school district(s) listed in Part 1, the undersigned certifies as specified with respect to the project identified in Part 1, that the following amount must be paid to the district(s) prior to issuance of the permit for that project, in order to satisfy the minimum prior to issuance of that permit:

\$ 110,525 and 50/00

a. That this requirement will be deemed to have been complied with (and a building or installation permit for that project may be issued) if the issuing agency has received the specified amount on behalf of the district(s) and transfers that amount (less the agreed upon fee for collection of that amount) to the district(s) in accordance with arrangements made between the agency and the district(s).

b. That all requirements relating to mitigation of that project's environmental effect on public school facilities, including but not limited to extractions in excess of the minimum statutory fee requirements, which must be met prior to issuance of a building or installation permit for that project have been satisfied or that there are no such requirements.

c. That all requirements relating to mitigation of the project's environmental effect on public school facilities, including, but not limited to, the statutory minimum and extractions in excess thereof, which must be met prior to issuance of a building or installation permit for that project have been satisfied by placement of a demand into escrow for payment of the amount specified in Section a. It is understood that any Statement of Installation, Certificate of Occupancy, or similar document will be conditioned on concurrent satisfaction of said demand by the escrow agent.

Part 3: Conditions and Instructions

a. This Certificate applies to the following grades: (Applicable grades will be circled and inapplicable grades lined out) K 1 2 3 4 5 6 7 8 9 10 11 12. Only the original document (or a certified copy of the original document) satisfies the requirements of Government Code Section 53080 and the resolution adopted by the district(s) regarding School Facilities Fees with respect to the project identified in Part 1 unless arrangements have been previously made by the district(s) and the agency issuing the permit for direct transmission of a copy of the document to the agency. To be valid, this certificate must be dated and signed by an authorized agent of the district(s). Unless an even shorter time is specified, this certificate is valid only if the permit to which it applies is actually issued no more than 30 days after its date.

b. This certificate and its issuance and use are governed by and subject to the following resolutions adopted by the district(s). Resolution Regarding School Facilities Fees and Resolution Regarding School Facilities Fees Exemption Procedures. If the district(s) determine(s) that this certificate was issued in error or that any requirement for, or condition of, its issuance was not, or is not met, neither the issuance of this certificate nor the issuance of any building or installation permit in reliance on it precludes the district(s) from taking action to ensure that all requirements relating to mitigation of that project's environmental effect on public school facilities which should have been met prior to issuance of a building or installation permit for that project are satisfied.

c. This certificate is subject to the following additional conditions of restrictions:

NOTICE: Pursuant to Assembly Bill 3081 (CHAP 549, STATS, 1996) this will serve to notify you that the 90-day approval period in which you may protest the fees or other payment identified above shall begin to run from the date on which the building or installation permit for this project is issued or on which they are paid to the District(s) or to another public entity authorized to collect them on the District(s)' behalf, whichever is earlier.

Payment must be made in person at:

Santa Barbara School District business office located at 720 Santa Barbara St., Santa Barbara, CA 93101 (805) 963-4338 ext. 6377. Return receipt to Building & Safety @ 630 Garden St.
