CONTROL YOUR CONTROLLER TURN IRRIGATION DOWN THIS WINTER

Feel that chill in the air? So do your plants. During fall and winter, our landscapes don't need as much water due to rain, cooler temperatures, shorter days, and plant dormancy. You can simply take a day off your controller schedule, or plug in the Watering % Adjust value found on our website.

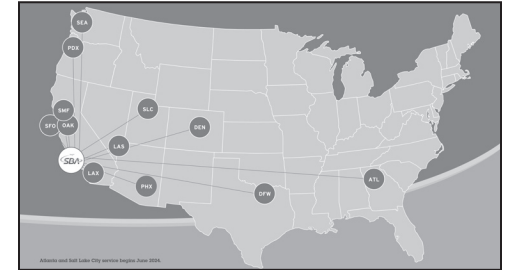

The Watering % Adjust is a percentage value of how much water plants need that accounts for changes in weather. The Watering % Adjust value can be found at SantaBarbaraCA.gov/WaterWise and it is updated weekly. With this percentage value, you can adjust your sprinkler timer with one simple step. Turn the dial on your controller to the "seasonal adjust," "water budget" or "%" setting and press the up or down arrows to adjust the percentage to match the current Watering % Adjust on our website. This will automatically shorten the run times of your sprinklers or drip so that they are not over-watering your garden. To save water when it rains, simply turn off your timer until your soil has dried out near the roots. For one inch of rain, you can generally leave your timer off for 7-10 days for your thirstiest plants.

When it begins to warm up and dry out in the spring, the percent value will increase, thus increasing the irrigation run times. We recommend changing your % setting on your controller at least monthly. Always monitor your garden for signs of stress or saturated soil and adjust as needed. For more irrigation information visit SantaBarbaraCA.gov/WaterWise or call (805) 564-5460.

Adjust your timer by taking a day off or entering the % found online.

NEW YEAR, NEW DESTINATIONS

Visit our website to see all of the destinations.

Where are your travels taking you in 2024? With 23 daily nonstop flights - and connections to thousands more destinations - Santa Barbara Airport can help you skip the hassle and enjoy the journey. And it's only getting better! Starting June 7, Delta Air Lines returns with direct service to two additional destinations: Atlanta and Salt Lake City.

To view all nonstop routes out of Santa Barbara, visit FlySBA.com/fly-SBA.

ELECTRIC VEHICLE REBATE AVAILABLE TO SB CLEAN ENERGY CUSTOMERS

If you purchased or leased a new or used electric vehicle (EV) on or after November 15, 2023 AND you're a Santa Barbara Clean Energy customer, you can qualify for a \$1,000 rebate (\$2,000 for income qualified customers)!

Santa Barbara Clean Energy, brought to you by the City of Santa Barbara, provides carbon-free and greenhouse gas-free electricity. By choosing clean energy, we can address climate change together! Find additional details and apply for the rebate at SBCleanEnergy.com/Electrify-SB or call (805) 538-1810 with questions.

*This rebate only applies to electric vehicles with an MSRP less than \$80,000. SB Clean Energy customers must be in good standing to qualify. Each SB Clean Energy account is eligible for one rebate.

Check for rebate availability.

We are also online. Scan QR Code to read all issues.

ANNUAL ROSE PRUNING DAY SCHEDULED FOR JANUARY 13

Volunteers During Rose Pruning Day.

The Parks and Recreation Department will host its annual Rose Pruning Day on Saturday, January 13, at Mission Historical Park. A January tradition for almost 40 years, volunteers are invited to spend the morning pruning the approximately 1-acre garden in preparation for the spring growth. The Department is seeking up to 150 volunteers. All ages and skill levels are welcome,

and rose pruning demonstrations will be provided. No RSVPs required. Visit SantaBarbaraCA.gov/ParksVolunteer for more information.
