## WATERSMART - KEEP AN EYE ON YOUR WATER USE WHILE YOU'RE AWAY

WaterSmart is the City's new website to pay bills online, get water leak alerts, and track hourly water use. Have peace of mind while you're away – keep an eye on your sprinkler system usage from anywhere with cell or Wi-Fi service while you enjoy your vacation. WaterSmart allows you to track hourly, daily, and monthly water use, get automated leak alerts, diagnose a high bill, and set custom alerts for unusual water use. Signing up is easy and fast – you just need your account number and zip code. Visit [SantaBarbaraCA.gov/WaterSmart](http://SantaBarbaraCA.gov/WaterSmart)

Track water use, get leak alerts, and pay your bill on WaterSmart.

## REGISTER FOR SUMMER CAMP STARTING FEBRUARY 3

The Parks and Recreation Department has 19 camps to choose from this summer! Half-day, full-day, and extended care options are available for kids ages 4-17 with topics including art, business, engineering, sports, theater, and water safety. Families can learn more about camp offerings, scholarships, and registration at [SantaBarbaraCA.gov/Camps](http://SantaBarbaraCA.gov/Camps).

Surfing is one of many activities kids can enjoy this summer.

## NEW REBATES AND FAST & FREE PERMITTING FOR HEAT PUMP WATER HEATERS NOW AVAILABLE

Santa Barbara Clean Energy (SBCE) has launched a new program to encourage the purchase and installation of Heat Pump Water Heaters (HPWHs) and electrical work to prepare for home electrification (Associated Electrical Work). The program also offers fast and free permitting to help contractors and homeowners complete the job quickly.

New heat pump water heater program for SBCE customers.

HPWHs are the most energy-efficient water heaters on the market (3-4 times more efficient than gas water heaters) enabling you to lower your energy use and save money. By taking advantage of available rebates like SBCE's, the up front cost of a HPWH can be significantly less than the cost of a gas water heater. HPWHs can also be programmed and controlled remotely to heat water when power from the grid is cleaner and cheaper, saving you money. SBCE customers with solar and/or battery storage can also save significantly on monthly energy bills.

Water heaters are one of the top two users of natural gas in most homes on the Central Coast. When you switch from a gas water heater to a HPWH, you can reduce your home's carbon footprint by approximately 50%. HPWHs are also safer and healthier; unlike gas water heaters, HPWHs don't require an open flame and combustion, removing a major potential source of indoor air pollution from your home.

Visit [SantaBarbaraCA.gov/HEAP](http://SantaBarbaraCA.gov/HEAP) to learn more and apply.

Santa Barbara Clean Energy is a not-for-profit program of the City of Santa Barbara that supplies clean, cost-competitive electricity for homes and businesses in the City of Santa Barbara.

## HIT YOUR FITNESS GOALS AT THE CABRILLO PAVILION FITNESS CENTER

Enjoy access to high-quality fitness equipment with a pass to the Carrillo Pavilion Fitness Center.

Just off the sands of East Beach, this state-of-the-art facility provides a calm, quiet environment perfect for a focused workout. Finish your session with access to locker rooms and showers, or take your workout outside for an ocean swim or beach run. Single-day, 10-day, and unlimited 30-day passes are available to suit every routine.

### Equipment highlights

- Rogue squat rack, lat pulldown machine, dumbbells, kettlebells, and bumper plates
- Adjustable cable machines
- Concept 2 rowers and bikes
- TRX straps, plyometric boxes, and medicine balls
- Yoga mats and yoga balls

For more information visit [SantaBarbaraCA.gov/CPFitnessCenter](http://SantaBarbaraCA.gov/CPFitnessCenter)

## NEW GRAY TRASH CARTS COMING TO CITY OF SANTA BARBARA IN FEBRUARY

Starting in February, MarBorg customers in the City of Santa Barbara will see a change in the color of their trash carts. To meet the requirements of California Senate Bill 1383, which sets statewide rules for container colors, MarBorg will replace the current brown trash carts with new gray ones of the same size. The process will be straightforward: if you have a 35-gallon brown cart, it will be replaced with a 35-gallon gray cart in exchange.

This change will not affect your service or rates. Simply continue placing your carts at the curb for collection. Be sure the lids close completely and avoid overfilling your containers. For any questions or concerns, call (805) 963-1852 or visit [MarBorg.com](http://MarBorg.com).

## LOS NUEVOS CONTENEDORES GRISES LLEGARÁN A LA CIUDAD DE SANTA BARBARA EN FEBRERO

A partir de febrero, los clientes de MarBorg en la ciudad de Santa Barbara verán un cambio en el color de sus contenedores de basura. Para cumplir los requisitos de la Ley 1383 del Senado de California, que establece normas estatales para los colores de los contenedores, MarBorg sustituirá los actuales carros de basura marrones por otros nuevos grises del mismo tamaño. El proceso será sencillo: si tiene un contenedor marrón de 35 galones, a cambio se le sustituirá por un contenedor gris de 35 galones.

Este cambio no afectará a su servicio ni a sus tarifas. Simplemente siga depositando sus carros en la acera para su recogida. Asegúrese de que las tapas cierran completamente y evite llenar demasiado los contenedores. Para cualquier pregunta o duda, llame al (805) 963-1852 o visite [MarBorg.com](http://MarBorg.com).
