Youth Protection Training

SBPD Explorer post #104

DISCUSSION POINTS –

As our Department’s explorer post gains momentum, we as a department need to make sure we are ready to meet their educational needs, as well as provide a safe environment for learning. Youth safety is the No. 1 concern of Learning for Life. Effective June 1, 2010: Youth Protection Training is required for all volunteers in curriculum based Learning for Life, including worksite based Exploring. Youth Protection Training must be taken every two years and prior to beginning curriculum based programs & meetings with youth. Because there is a unique difference between Learning for Life programs in worksite based Exploring and in the curriculum based programs, we have established tailored training procedures. The Learning for Life’s Youth Protection Training will cover:

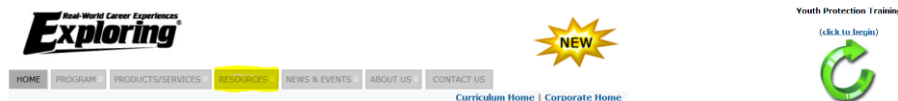

- ✓ Policies
- ✓ Guidelines
- ✓ Adolescent transition
- ✓ Personal Safety Risks
- ✓ Reporting Responsibilities
