I, the undersigned, do assume responsibility for and guarantee payment of, all water used from the above described meter. I agree to comply with the rules, regulations, and ordinances related to City water and sewer service as established by the City, including, but not limited to:

1. Water obtained by authority of this permit cannot be re-sold to any private entity or used outside of City water service area.
2. No person shall take water from a fire hydrant without first obtaining a permit. All water obtained via permit shall be metered. All metered use shall be paid for at rates set forth in the City Fee Resolution.
3. No such permit holder shall take or use water contrary to Municipal Code Chapter 14.25 or the terms of the permit.
4. No such permit holder shall remove, tamper or otherwise cause the meter not to function as intended.
5. No permit shall be used by a person who has violated any of the provisions of Municipal Code Chapter 14.25 or whose indebtedness to the City for water used or damage to equipment is delinquent.
6. Permit holder shall designate the location(s) for which the water shall be used.
7. Permit holder shall estimate the amount of water needed for the project.
8. Per City Fee Resolution, a charge will be deducted from the meter deposit for any damaged or missing equipment and assumed water use if the meter is returned in an inoperable or damaged condition.
9. A monthly meter charge will be based on the meter size (typically 3-inches) – fee per current City Fee Resolution.
10. Water used will be charged per Hundred Cubic Feet at the metered water rate per current City Fee Resolution.
11. Installation of the hydrant meter will occur 2-5 business days from the issuance of the Work Order.
