COMMENT:

I am thinking of farmers market needs which require flat paved surface with maximum access for trucks. It would require use of News Press lot which is currently abandoned & virtually unused. The market needs would make it difficult to create a charming ambience since we would need as many square feet as possible. as much close by parking is crucial. 750' is actually a long distance for shoppers.

Project Manager: Brad Hess, (805) 564-5373

COMMENT:

1. DeLaGuerra Plaza must be reserved ~~for~~ exclusively for use by SBCFMA every Saturday morning - mid-afternoon for the Saturday farmers' market
2. City of SB must do everything in its power to reach an agreement with Wendy McLean so that SBCFMA has use of the parking lot across from the News-Press on Saturdays, free of charge.
3. City of SB should create as much free parking as possible within a two-block radius of DLG Plaza as possible

④ My dream scenario: City of SB will find ~~another~~ a location other than Lots St. Commuter Lot for the new office building

1) APPROVE THE CONCEPT TO REVITALIZE THE PLAZA AS HEART OF CITY WITH FARMERS MARKET ON SATURDAYS + TUESDAY. INCLUDE CLOSURE OFF OF STATE + DE LA GUERRA TO STATE. POTENTIALLY CONSIDER STOPPING TRAFFIC ON STATE TO TO CONNECT THE PLAZA ON MARKET DAYS. SHOULD ISSUE PUBLIC RFP FOR LANDSCAPE

COMMENT:

We operate Fashion Eyes sunglass store at 730 State Street for over 30 years. The important thing for our store still surviving on State Street is parking. Customers can park in the De La Guerra loop and come in to our store to shop. We would like to see more parking in the loop with 75 minutes free. Please consider a parking booth while revitalize De La Guerra plaza. Please not taxing local residents while shopping!

COMMENT:

From the photos, of the past, you've displayed, my feeling is that a combination of the 1940's photo & the 1970's photo would be the most inclusive, creative & fair use of this piece of city land. As well, a weekly, community drum circle could bring together an eclectic mix and create a healthy & happy energy field.

COMMENT:

The Most Important Thing to US is To Keep Existing Traffic Circulation and Parking opportunities.

It is Also Important to Take Into Consideration The Many Upgrades That Were Implemented In Storke Placita that resulted In Failure due to The Homeless & Drug Addicts Taking it Over. The End result which it is now IS a Flat Area devoid off Homeless & Drug Addicts ready for Functions, A Flat cobblestone Area with the General public coming and going is the Best, The Same AS it Has Been from the Beginning,

COMMENT:

I would like to see the city's parking next to City Hall be changed into open space and joined with the plaza - so that people are drawn to Anacapa Street and the plaza is more expansive. All the same parcels. The private - Newspress - parking should be replaced with a three or four story Granada-type garage.

Ebbys Organic Farm:
I am very concerned about parking lot. I have many elderly customers that they have been asking for this issue. Also I will like to be permanent at the La Guerra Plaza the whole year please.

I love to serve my community and I hope you allow me to continue doing that.

It appears that you are gentrifying S.B. for the wealthy. If rents were not ridiculous, people could live and own businesses in town. You're turning us into an extension of chain stores and Amazon. Ruining the environment socially & physically.

Leave the Plaza as an open green space/public
park the rest of the week (after Sat. Farmers Mkt)
Put in shade trees, benches, picnic tables for
Downtown workers to have lunch. Maybe a small
tot. lot.

COMMENT:

Dear Brad,
I am very excited about the plaza revitalization! However, I'm extremely ~~concerned~~ concerned about my business being incredibly negatively affected during the construction. Having a small business downtown is tough enough with high rent, adding months of interior construction could very realistically put us out of business. I would love to connect with you about this concern if possible. Thank you, Jill Aguiar - owner at DivinTree Yoga Studio
