City of Santa Barbara -- Public Works Department

Declaration of Agricultural Enterprise

Customer/Account Holder: _______________________________  Account # __________

Service Address: ___________________  Assessor's Parcel # _________  Phone # _________

Mailing Address: ____________________________________________  Zip: __________

If applicable, provide information regarding other meter(s) serving this property:

Account #: __________  Service Address: __________________________________________

The City Council has approved an "agricultural" classification for water meters serving bona fide commercial agricultural enterprises, including nurseries. A bona fide commercial enterprise is one which grows an agricultural or horticultural product for the purposes of producing income, as evidenced by tax records, bills of sale, or other documents approved by the City Public Works Director. Allotments of water are based only on the irrigated area of commercial crop. No allotment will be given for areas of ornamental landscaping. No connection of an agricultural meter to any structure is permitted. Agricultural classifications for in-City accounts will not be approved without City zoning clearance. (See Planning Division for details.)

* * * * *

I declare under penalty of perjury that the above irrigation account serves a bona fide commercial agricultural enterprise and that all information provided on this form and the required attachments is true and correct to the best of my knowledge. I understand the conditions of service under this classification and acknowledge that service is subject to interruption during a Stage III Drought Condition. I authorize the City to inspect my property at reasonable hours as necessary to verify the information provided herein.
