Planning applications can be submitted online through Accela Citizen Access (ACA) found on the City website under the tab “Services” → “Licenses & Permits” → “Case Status Lookup”.

**IMPORTANT NOTE:** Use this procedure for **BRAND NEW APPLICATIONS ONLY**. Do not use this procedure if you are resubmitting an application or applying for different approval for the same project (e.g. the project requires both Architectural Board of Review and Planning Commission review. You’ve previously applied for the ABR review and have a record number of PLN2020-12345. Now you are applying for the PC review.) Use the Resubmittal Procedure Guide for those types of applications.

1. Log into the ACA website using your ACA **user name** and **password**. Click **Login**.
   * **If you don’t have a user account, register by clicking on one of the links circled in blue below.**

2. Click on the **Planning** tab and then select **Create an Application**.
3. Read the “General Disclaimer” and, if you agree, click the check box next to “I have read and accepted the above terms.” and click Continue Application.

4. Select an application type. For a PRE case, click on the small triangle next to Planning Pre-Application (General) to expand the selection and click the radio button (the small circle) next to “Planning Pre-Application (General) to select it. Then click Continue Application.
5. **Step 1: Location Information**: Complete the **Street No.** and **Street Name** fields and click **Search**. When the parcel is found, the full address and Parcel Number will fill in automatically (alternatively, search by the parcel number, and the address will fill in automatically). Click **Continue Application**. (If entering the parcel number instead of the street address, be sure to enter the 9 digit number as shown and click “Search” below the parcel number.)
6. **Step 2: People Information**: Click **Select from Account** in the **Applicant** section to allow you to track and process the application. Follow the prompts to confirm your information. Every application must have an Applicant (who is not necessarily the property owner).

You may add **Licensed Professionals** (or any contacts) using the **Look Up** button now (or **Add New** if they are not found via Look Up). You can add additional contacts after your application is submitted, as well.
