**CONSENT CALENDAR**

1. Minutes from the special meeting held February 27, 2020 were unanimously approved.

**ADMINISTRATIVE AND STAFF REPORTS**

2. The Committee unanimously recommended the FY22 proposed capital projects, as well as funding the following projects with PIF revenues in FY21:
  - a. Use of all FY21 Players' Improvement Fund fund balance, estimated at \$75,000, as necessary to renovate 12 bunkers in late FY21 / early FY22. This recommendation would unfund approximately \$30,000 that was allocated in the previous PIF Committee meeting for tree planting, tee marker replacement, and installation of a drinking fountain on the #10 tee.

- b. Of 35 identified bunkers, 13 were already renovated in prior years. The below bunkers identified for the third phase of renovations will make the greatest improvement to playability and quality around greens and on the fairways:
- Hole #1 (2 bunkers)
  - Hole #4 (1 bunker)
  - Hole #6 (2 bunkers)
  - Hole #11 (1 bunker)
  - Hole #14 (1 bunker)
  - Hole #7 (4 greenside bunkers)
  - Hole #2 (1 bunker)
  - Hole #3
  - Hole #13
  - Hole #16
  - Hole #17
- c. Use \$75,000 FY22 Players' Improvement Fund budget on renovations of tee boxes at #5, #10, and #13 and remaining FY22 fund balance (estimated at \$55,000) on remaining bunker renovations.
