

**CITY OF SANTA BARBARA WATERFRONT DEPARTMENT**

**MEMORANDUM**

**Date:** January 20, 2022  
**To:** Harbor Commission  
**From:** Mike Wiltshire, Waterfront Director  
**Subject:** **Tentative List Of 2022 Harbor Commission Agenda Topics**

---

**RECOMMENDATION:**

That Harbor Commission receive a presentation from staff outlining a tentative calendar of topics for 2022 Harbor Commission meetings, discuss, and take action as necessary.

**DISCUSSION**

At the beginning of each calendar year, the Harbor Commission reviews a forward-looking list of tentative Harbor Commission agenda topics. This is a chance to plan for the year and prioritize important topics for discussion and action. It is not intended for this to be an all-encompassing list of topics but a general guideline highlighting some of the known topics for discussion. This is a chance for Harbor Commissioners to share, and agree on, priority topics with staff and other Harbor Commissioners. This discussion allows staff sufficient time to properly plan for future agenda items.

In addition to reviewing and prioritizing agenda topics, the Harbor Commission typically decides on the cancellation of the July and December meetings.
