**NEW BUSINESS UPDATE - ANCHOR ROSE LOUNGE**

The Anchor Rose Restaurant opened its doors June 17 in the space formerly operated by Salty at the Beach, located at 113 Harbor Way, above the Santa Barbara Maritime Museum. The new ownership group took over the leases for both Chomp on the Rocks (downstairs) and Salty at the Beach (upstairs).

The new owners will continue to operate the upper portion as Anchor Rose Restaurant while converting the lower restaurant space into the Anchor Rose Lounge. The 3,978 square foot lower level space will soon undergo renovations that will feature an interior design geared towards greeting our community as well as visitors. The proposed concept is welcoming and elegant with an ocean culture in mind.

Prepared By: Cesar Barrios, Acting Waterfront Business Manager
