EXTERNAL

Dear Ms Rodriguez,

I read that the Harbor Commission is considering allowing cruise ships to dock in our harbor as soon as March 2022. I have concerns about this, given the Omicron variant and the possibility of spread as a result of allowing this. I also have environmental concerns about cruise ships.

I plan to observe the meeting tonight. I am assuming no decision will be made tonight, but rather the Commission will consider discussing this in the future. Do I understand correctly?

Thank you.  
Respectfully,  
Rachel Altman
