Dear Commissioners,

Removal of trees will give an industrial feeling to the area. Please consider the need for trees for cooling shade and environmental and aesthetic value. Trees are a distinctive characteristic of the city of Santa Barbara. They are especially needed at this entry point to the city.

The Shelton designs will give a touch of whimsy and style to the area and seem like an appropriate fit in the Funk Zone.

Thank you.

Sincerely,

Francesca Galt  980 Andante Rd  SB 03105
