The removal candidate is a the remaining tree from a pair of Italian Cypress that framed the entrance. Its companion died approximately two years ago. The mature tree has become oversized for the space. My clients would like to refresh the landscape by replanting with a matching, healthy pair. Given its age and condition, heavy pruning is not recommended to "scale it back."

WILL YOU REPLACE THE TREE(S)? YES NO

IF YES, WHAT WILL YOU REPLACE THE TREE(S) WITH?

Replace with a pair of 15 gallon Italian Cypress in same location on either side of the entry
