You don't often get email from skip2go2310@gmail.com. [Learn why this is important](#)

I'd like to respond to the new construction across from my house on Edgewater Way. Our street is very narrow, and it has been a constant problem with just city and trash trucks trying to negotiate our street. We have learned from a difficult construction just next door that our street will not handle the construction vehicles and normal traffic. Needless to say, I'm not in favor of another project on our street, but if anything can be done to keep the street clear of vehicles from the people on the work site, it would keep us safe if anything should happen and we need emergency help.
